

CO2 LASER FACIAL RESURFACING PRE-SURGERY INSTRUCTIONS

1. Do not wear make-up on the day of surgery.
2. Wash face with mild soap and water before coming into the office.
3. Any skin lesions (i.e. acne, pimples, cuts, herpes, blisters, etc.) in area to be lasered should be brought to the Doctor's attention prior to the scheduled appointment.
4. Avoid aspirin, Motrin, ibuprofen, and /or any non-steroidal anti-inflammatory drugs (NSAIDS) two (2) weeks prior to the procedure.

MY PRE-SURGICAL INSTRUCTIONS HAVE BEEN REVIEWED AND EXPLAINED TO ME. I UNDERSTAND THESE INSTRUCTIONS AND ALL MY QUESTIONS WERE ANSWERED.
